* **Note.**

It is reported that strict supervision to which bad characters have been subjected on the Gold Fields has gradually forced them to seek shelter in the comparative security of the Bowringpet Town and its suburbs and it is therefore quite necessary that the Police Force in the latter place should be more effective than at present. With this view the Inspector General of Police, after careful consultation with the Superintendent of

of Police, Kolar Gold Fields, and the Deputy Commissioner, Kolar District, has submitted for sanction certain proposals for placing the Police at Bowringpet on an efficient footing and requests that the same be ordered to be introduced at once tentatively for a year, subject to such modifications as may hereafter be considered necessary. The proposals are shown below: —

Existing strength

1 3rd grade Inspector on Rs 50+15
1 2nd grade Jemadar on Rs 20+8
1 1st grade Duffedar on " 16
1 3rd do do " 12
} to be abolished
5 1st class Constables each " 8
16 2nd do do " 7

Proposed strength

1 Inspector (Pay not given)
1 Chief Constable 3rd Gr: 50+20
1 Head Constable 2d " 20+10
1 do 3rd " 16+10
} will be taken from Gold Fields Force
5 1st class Constables each 8+4
15 2nd do do 7+4
Contingencies 7

The posts of the existing 2nd grade Jemadar and 2 Duffedars (one 1st grade & another 3rd grade), + of 1 2nd class Constable will be abolished and the Savings accruing therefrom (viz) Rs 20+8 +16+12+7 or Rs 63, and by the abolition of 2 Second class Constables in "A" Division of the

Kolar Gold Field Police. Manikyapam 3 Asst.
Rs 24, or in all Rs 87, will be distributed
at Rs 4 each to 20 Constables and the
Rs 7, utilized as contingencies. In
lieu of the man abolished, 1 Chief Constable
+ 2 Head Constables will be transferred from
the Gold Field Force. Thus the proposal
does not involve any extra cost. but on
the other hand facilitates free inter-
-change of men from Gold Fields to
Bowringpet and vice versa.

The only innovation in the scheme pro-
-posed by the Inspector General is to
relieve the Amildar of the Bowringpet
Taluk of the charge of the Town Police
and to place it directly under the
Superintendent of Gold Fields. The Insp:
General adds that he would go further
and suggest that instead of having a
half

half and half measure, the Amildar be relieved of the Police charge of the entire Taluk, as otherwise he will have to attend to Police duties in only a portion of it, & the Supdt. be entrusted with the control of the whole Taluk subject to the supervision of the Deputy Commissioner. The Experiment of separating the Police charge from the Amildar for a year or so will give us an idea as to the advantages or otherwise of the system. —

With reference to the order about Baroo-pet Taluk Police, which was only issued in manuscript, the Inspector General of Police now points out that the revised pay of the 1st and 2nd class Constables, was by mistake, on the part of Messrs Carr & Thomas, calculated at Rs 8 and Rs 7 per mensem respectively, instead of Rs 9 and Rs 8 respectively, which is the scale sanctioned for the Kolar Gold Fields Police, and requests that the error may be rectified. The strength of the Constables now sanctioned being 5 of the 1st class and 15 of the 2nd class, the extra cost amounts to Rs 20. To meet this, it is proposed to abolish one second class Constable of the Baroopet Taluk Force (Pay Rs 7) and one first class Constable of the Kolar Gold Fields Force (Pay Rs 9+4). The printed copies of the order have just been received from the press and are under despatch.

Subd for orders with a printed order embodying the necessary alterations reqd

by the Inspr. Genl of Police.

Instead of issuing a supplementary order making corrections in the Order of 30-6-03, I think the necessary alterations might be made in the printed copies awaiting despatch, & the same signed once for all. The Order probably is standing in type, & the corrections can be easily made therein.

16.7.03

I think the more regular & simpler course is to pass a supplementary order, as not merely clerical errors or immaterial mistakes are involved, but a new proposal to ~~as~~ abolish 2 places to find the extra cost. Please draft & submit for approval to the Secretary

Sir,

I have the honor to forward herewith copies of the marginally noted correspondence between this Office and the Deputy Commissioner Kolar regarding the organisation of the Bowringpet Town Police, and to state that during my last visit to the Kolar Gold Fields, at a conference between the Deputy --- Commissioner, Police Superintendent and myself, we came to the conclusion that the proposal now made may at once be introduced to the Bowringpet Town -- tentatively for a year, subject to such modificatio as may hereafter seem necessary. granting allowances to constables at the same rate as the Gold Fields Police to facilitate interchange of men between Bowringpet and Gold Fields , and a transfer of one Chief Constable and two Head Constables to Bowringpet from the Gold Fields , the whole force to be under the Inspector who will be responsible to the Gold Fields' Superintendent of Police directly the Amildar being relieved of the Town charge . The arrangement now proposed is necessary for a strict supervision being excersised over the bad characters who have now sought shelter in Bowringpet Town to evade Police vigilance in the Gold Fields . The proposal does not involve any extra charge to Government , but on the contrary a saving of Rs: 7·/- is effected which is however intended to be utilized for contingencies . The only innovation in the propos scheme is to relieve the Amildar of the charge of the Town police and to place it directly under the Superintendent of Police of the Gold Fields , who is in charge of the three Taluks of Bowringpet , ---- Mulbagal and Malur . I would go further and suggest that instead of having a half and half measure as is the case at present , the Amildar be relived of the Police Charge of the whole Taluk as otherwise he

will have to attend to Police duties in only a portion of it having 5 sub-stations , the Superintendent of the Gold Fields Police be entrusted with the control of the whole Taluk subject to the supervision of the Deputy Commissioner . The experiment of separating the police from the Amildar for a year or so. , will give us an idea as to the advantages or otherwise of the System .

I beg that early orders of Government may be obtained sanctioning the proposal now submitted .

Inspector General of Police in Mysore

Sir,

your letter NO: 5592/248 dated 1st April

13.

I have the honor to state that the matter under reference in your letter was one of some importance, I thought it better to postpone my answer, until such time as you were kindly

a'c

able to visit the Gold Field, and study our requirements on the spot.

Your recent visit to the Gold Field enabled us to formulate a scheme on the lines indicated by you in person, and I now forward a letter from Mr. Thomas which embodies our joint proposals.

2. It will be seen that our present suggestions follow closely the proposals made in your letter. The Inspector is retained and two Head Constables are transferred from the Field, to take the place of two Daffedars abolished. I think on the whole this is a better arrangement than the one proposed in Mr. Thomas' and my letters of March last. The Chief Constable should be under the control of the Inspector and thus not disturb the internal working of the Taluk Force.

3. With regard to the proposed local Gold [illegible] of Rs 4/- to be given to the

The Constables of the Bowringpet Town Police, I think that much of the advantage of the new arrangement would be lost, if this was cut down, as there would be endless discontentment amongst those Constables who were being constantly interchanged between the Gold Field and Bowringpet.

Besides, the whole aim and object of the scheme is to make Bowringpet Town an integral part of the Gold Field — organization, and amalgamate the two Forces, Gold Field and Bowringpet Town, into one.

This can only be done by giving both bodies absolutely identical pay, allowances, and privileges.

As pointed out by Mr. Thomas the proposed scheme involves no administrative change in present arrangements, beyond the transfer of one Chief Constable, two Head Constables, and two Constables from the

the Gold Field to Bowringpet to fill up the vacancies caused by our proposed reduction there.

Mr. Thomas and I think that as the Police Force of the Gold Field is working so satisfactorily; and seeing that the organised gang robberies on mills and offices, which were of frequent occurrence formerly on the Field, have virtually been stamped out, by the increased efficiency of the Police and the watchmen establishments; it will be possible, for the present at least, to reduce our force on the Field to the extent proposed.

5. Our proposals, I believe, have your cordial approval, and I trust, therefore, that Government may be inclined to view them favourably.

I would suggest that they should be tried tentatively for one year, after which any

any modifications found necessary, might be made to suit our future requirements.

I have, etc,

The Bowringpet Town place should draw th
full Gold Field's allowance of. Rs: 4/-. The
Rs: 57/- saved would provide for this allow
ance for each of the 20 Constables who wi
Comprise the strength of the Town and Rs:
will be available for an allowance for
Contingencies which will be necessary.
This scheme will involve no administra
tive change whatever. The effect of it will
merely be to substitute well paid police o
the same footing as the Gold Fields Police
for the present underpaid men at Bowrin
pet. The advantages will be many and ob-
vious, the chief of them being that it will
be possible to transfer any number of
trained men from the Gold Fields to
Bowringpet which is now impossible
to the difference in pay.

The men whose posts are abolishe

ill be absorbed into the existing establish-
ment, and the inefficient members of the
existing staff at Bowringpet will be either
ot rid of or absorbed into the Taluk —
stablishment.

. The Chief Constable will be under the
epartmental Control of the Bowringpet

. I should further recommend that the

Sir,

I have the honor to forward herewith copy of a letter from the District Superintendent of Police Kolar Gold Field with reference to the Bowringpet Town Police

2. Ever since the reorganisation of the Kolar Gold Field Police in august 1900,

ie question of what arrangements would
e best suited to the wants of Bowringpet
mon has been engaging my attention,
nt until matters had settled themselves
in the Gold Field itself and everything
vas running smoothly there, I considered
t better to postpone any interference with
he force at Bowringpet.

3. The time has now arrived for some
hanges to be made, as both Mr. Thomas
nd myself pointed out in the Adminis-
ration report and review thereon, of the
last official year. A copy of my remarks
is attached for reference.

4. There can be no doubt that the
tricter supervision to which bad characters
rs have been subjected on the field, has
radually forced them to seek shelter in
he, at present, Comparative security of
Bowringpet: and we must therefore extend

extend our operations to, and locate a more efficient body of Police in, that town.—

With this in view Mr. Thomas has made certain suggestions and proposals in his letter under reference, after consultation with me, and after careful consideration.

5. We propose to divide the present Taluk Force into two distinct and separate bodies: The two Daffedars and 21 Constables of the town being under the direct supervision of one of the Gold Field Chief Constables, and having Gold Fields pay, allowances and clothing, being in fact an integral part of the Gold Field Force. The other body continuing on exactly the same footing as at present, but with only a Jamadar to supervise it. The Jamadar to work directly under the District Superintendent, in exactly the same way as a Taluk Inspector.

6. 18 Our proposals involve no extra cost Government, and are, I think, calculated to meet our present requirement I trust therefore that you will find it possible to support them and to obtain the sanction of Government to enable us to carry them into effect with as little delay as possible.

5. In this connection I would call attention to the fact that as Bowringpet is to all intents and purposes the Key of the Gold Field, the Force located there, should be treated as part and parcel of the Gold Field Police, and should draw the same local allowances and have the same privileges.

This, of course, only applies to Bowringpet Town, which, if this suggestion is viewed favourably, might be treated as the "E" Division of the Gold Field Police.

Some

n/c

Some arrangement of this sort is, I consider, urgently called for, as it would doubtless strengthen the hands of the Superintendent, enabling him to send his best men, if necessary, to work at Bowringpet. At present the Bowringpet Police receive the same pay and allowances as the ordinary Taluk Police, and the Superintendent in consequence is unable to get men of the right stamp to serve there.

The small extra cost to Government resulting from this proposal, would be met by extra Police efficiency. Bowringpet is daily growing in population and importance, and the bad characters on the Gold Field, finding themselves under close supervision there, are gradually betaking themselves to the Comparative security of Bowringpet.

F. Carr Esquire,
Deputy Commissioner,
Kolar District.

Sir,

I have the honor to submit herewith certain proposals with reference to the Bowringpet Town Police.—

2/. I remarked in my administration Report that it would be necessary to improve These Police and I consider that the improvement is a crying necessity and ought not to be delayed any longer.

3. Bowringpet Town is not a quiet rural place. It now contains about 5000 persons and

and it is a notorious place for petty disturbances, House-breaking, Theft, and other Crime. It is really an integral part of the Gold Fields and should be kept under equally close Police Supervision. It contains a large number of brothels and drinking houses frequented by Eurasian and native prostitutes and large numbers of Eurasians and Europeans of the lower class resort to these places where they find themselves beyond the supervision of the mining authorities. There have recently been more than one disturbance in which Europeans have been concerned, and it is time that the Police Force was put in a much better footing in order to keep the Town in better order.

4. At present the Town is looked after by the Taluk Police under an Inspector and a Jamadar. Both these officers are frequently away

away on circuit. In fact it is their duty to spend at least 20 days in each month in Camp. The Town is thus left much to itself

5. In the year 1897 the strength of the Taluk Police was increased by 1 Daffedar and 8 men (vide enclosed statement) at an annual increase of cost 840 rupees.

Out of the total strength thus — sanctioned 2 Daffedars and 21 Constables were allotted to Bowringpet Town. Of this number 1 Daffedar and 8 men were nominally set apart for Town duty alone.

6. This increase was rendered necessary by the increasing importance of Bowringpet and at the time it was doubtless sufficient. From a careful observation of the State of the Town for the last 15 — months, I am convinced that the — arrangement is not now sufficient. Bowringpet has grown considerably in —

in importance and has become a more common resort of bad Characters of all sorts than before. It is notorious for the existence of a large number of receivers of stolen mine property, and the stricter Police supervision on the Gold Fields during the last few years consequent on the increase in the Police there has resulted in many bad characters leaving the Field and going to reside in Boorinpet.

7. To effect an improvement in this state of affairs, I consider it absolutely necessary to make the Police in Boorinpet Town part and parcel of the Gold Fields Police. Disciplined men, on better pay and trained on the Gold Fields can then be sent there, and there will be closer Communication between the Gold Fields and the Town than before.

If the proposals which are put forward below

below are approved it will be possible to —
effect this result without any increase of-
cost whatever, and I consider that the —
advantages of such a course are so under-
doubted that it should be adopted without
delay:

These proposals are as follows: —

(1) The Taluk Inspector might be dispensed with and his pay saved.

2) The Police stationed in Bowringpet Town should be converted into Kolar Fields Police on the same pay and terms of service as the latter and placed under the immediate supervision of a Chief Constable. One of the Kolar Fields Chief Constables can be spared for this duty.

3). The outstations of the Taluk which a only 4 in number should be placed unde the independent charge of the existing Jamadar who could easily manage th under the direct supervision of the —

The District Superintendent

9. The extra cost involved by the grant of Gold Fields allowances to the Town Police would be met by the paring of the pay of the Inspector and by the reduction in number of the Police of the whole Taluk by two, which reduction I consider feasible.

10. I enclose a statement showing the details of the proposed changes and also a statement showing the increase sanctioned in 1897.

NO: 248

Sir,

In reply to your letter NO: 1227 of the 22nd instant regarding the organisation of the Bowringpet Town Police, I have the honor to state that the arrangements proposed by you refer to bring Bowringpet Town under a closer supervision, owing to the large number of bad Characters that have settled down of late in it, but in my opinion the

e Supervision of the Police over the villages in
i Bowringpet Taluk, which are similarly
icumstanced cannot be neglected. Every
e of these villages has extended in size
nd risen in importance; goldsmiths, re-
eivers, prospects, etc, have found it congenial
. their trade to make it their temporary abode,
o as to evade the vigilance of the Police, and
carry on their nefarious trade with impunity.
urther, past experience has shown that the
aluk itself is not a quiet one; on the other
and, dacoities, robberies, house-breaking
nd theft cases are of frequent occurrence
he Police Supervision over the other parts of
he Taluk, for these very reasons, should not
e lost sight of, while rendering it more
ffective in Bowringpet Town. I would therefore,
s an alternative proposal, retain the services
f an Inspector on Rs 50+15 instead of a low
aid Jamedar (which post may be abolished)
s his status and position are not sufficiently hig

high to command the respect of the public or of his subordinates. The Inspector will have to look after the work of the four Sub-Stations at Bethamangala, Bridicote, Kamasamudra and Sundrapalyam, in addition to one out post and Seven ukkads, which charge, Inogin from the importance of the locality and its proximity to the mines, may be pronounced to be a fairly responsible one. Of Course, it will not be possible to reduce the pay of the Inspector, as only a 3rd grade Inspector on Rs. 50+15/- was sanctioned for the Bowringpet Taluk and not a 2nd grade Inspector on Rs:- 70+15/- as mentioned in your letter, Though the present 2nd grade Inspector, by an interna arrangement, was posted to the Taluk on your requisition for an efficient officer.

The allowance to the Head Constables and Constables in the Kolar Gold Fields was sanctioned on account of the high prices for

for articles of provision prevailing there, and I fail to see any reason why any or the same amount of allowance should be given to those at Bowringpet. It would be invidious to treat differently the Town Policemen from those in the Taluk Though working side by side, and the transfer of men from Bowringpet to the Gold Fields, and vice Versa, will not cause any inconvenience, as the cost of cheap living at Bowringpet will be proportionate to the loss of allowance involved by the latter transfer. If, however, you consider it otherwise, the allowance should be so regulated as not to be equal to what is sanctioned to the men on the Gold Fields. It may not be out of place to mention here that the Head Constables in the cities of Bangalore and Mysore get an allowance of Rs: 5/- per mensem and that the Constables do not get any.

The allocation of the Kasba and Town stations put together is one Inspector, one Jamedar, one

one first class Daffedar, one Lance Daffedar, five first class and 16 second class Constables, — (including one Daffedar and three Constables sanctioned for week-up guard duty, and two orderlies for the Inspector and the Amildar magistrate). If, as proposed by you, the Taluk is to be split into two separate ranges, one — Lance Daffedar, and one first class Constable will have to work under the Inspector to receive complaints during the latter's absence on inspection duty and to attend to clerical work. After the disposal of the men as above stated (one Lance Daffedar and one first class Constable to help the Inspector and two 2nd class Constables as orderlies) there will be left only a force consisting of one 1st class Daffedar (to be abolished), four first class and 14 second class Constables, for the Bowringpet Town range, and I consider that with an additional Head Constable it will, under the

the new scheme, be able to cope with the duties falling within the Jurisdiction of the Town and such other that may be newly imposed upon it. Two Head Constables and one Chief Constable appear to me too many officers to control a small Town like Bowringpet, and so one Head Constable with a Chief Constable from the Kolar Fields has been provided for in the modified proposal. It is presumed that the force thus re-constituted will attend to lock-up guard duty, as well as to the road and other beats at present attached to the Kasba Station.

If, however, you consider that the force may after all prove inadequate to meet the wants of the Town of Bowringpet, I request you will be good enough to intimate whether any men could be spared from the other sub-stations in the Taluk or from the Kolar Fields Police proper.

Thus the financial result of the modified proposal for the Town Police will be as follows, after abolishing the Jamedar's and 1st class Daffedar's posts

posts:— 35 cost per mensem

1 Chief Constable to be taken from the Polo Fields:

1 3rd grade Head Constable on Rs: 16+5/- ——— Rs. 21/-

1 Lance Daffedar on Rs: 12/- ——————— Rs. 12/-

5 1st class Constables on Rs: 8/- ——————— Rs: 40/-

16 2nd ——do—— ——————— on Rs: 7/- ——————— Rs: 112/-

Total Rs: 185/-

Note. Of this force, one Lance Daffedar and one 1st class Constable will work under the Inspector, and two 2nd class Constables as orderlies.

The abolition of the Jamedar's and the Daffedar's posts will effect a saving of Rs: 44/-, out of which Rs: 21/- may be utilized to meet the 3rd grade Head Constable's pay, leaving a balance of Rs: 23/- per mensem, which for the whole amount, if no additional Head Constable is appointed, will be available for strengthening the Constabulary, or it may be distributed, if no additional Constables are required among the men in the shape of allowance at rates you may deem fair and proper, but not at the rates sanctioned to the Polo Fields

Fields Police for reasons above stated. I may casually remark here that Constables and Daffedars in malnad stations are granted a malnad allowance varying from Rs: 1 to 3

After writing the above it seems to me whether the object in view cannot be attained by relieving the Amildar of the Bowringpet Taluk of all responsibility in Police matters and placing the whole force in the Taluk directly under the Superintendent of Police who can make such changes as may suggest themselves to him to ensure efficient working. We would by such an arrangement have gained a double object, namely, of direct control of the force by the Superintendent of Police and secondly of watching the result of an experiment by introducing a change which will, perhaps, in course of time have to be extended to the whole province. I shall feel obliged if you will

will favour me with your opinion, as well as, of Mr. Thomas, before finally submitting the question for Government orders.

2. These proposals while not involving any extra cost will, it is considered, facilitate a free interchange of men from the Gold Fields to Bowringpet and vice versa.

3. The Government are pleased to accord their sanction to the foregoing propos-

which may be introduced 4.2

~~ab initio~~ as a tentative measure with effect from the 1st July 1905. for one year i.e. the strength of the Force as now sanctioned is shown below: —

It is a matter for consideration whether we may not sanction a 2nd grade Inspector (Rs 50+15) instead of a 3rd grade Inspector, as the Chief Constable who is below in rank, draws higher salary than the latter.

the honor to forward herewith copies of the marginally noted letters and to state that in the proposals submitted by the Deputy Commissioner, Kolar, the pay of the 5 first class Constables and 15 second class Constables were, by mistake, calculated at Rs: 8/- and 7/- instead of at Rs: 9/- and 8/- respectively. To meet this extra charge of Rs: 20/-, the Deputy Commissioner, Kolar, proposes to abolish one 2nd class Constable of the Bowringpet Taluk Police on Rs: 7/- and one 1st class Constable of the Gold Fields Police on Rs: 9+4/-. Sir,

I have the honor to forward herewith copy of letter No: 4 dated 6th instant from Mr. Thomas, District Superintendent of Police, Kolar Gold Field, in which he makes certain recommendations, to meet the extra monthly pay of Rupee 1/- per Constable as sanctioned to the Gold Field Police in Government Proceedings —

No: 12192–95 / J.984 dated 23rd January 1902, to the men to be stationed in Bowringpet in accordance with Govern-ment Proceedings No: 2099–2101 / J.7.168 of 03 dated 30th June 1903

Enclosure No.

Sir,

I have the honor to point out that a mistake has been made in the scheme sent up to Government — concerning the Bowringpet Police. The Pay calculated was Rs: 8 + for a 1st class and — Rs: 7/- for a 2nd class Constable but the Gold Fields Pay is Rs: 9 + 8/- for these classes respectively. The calculation is therefore incorrect by Rs: 20,

5. To meet this I recommend that the appointment of one 2nd class Constable of the Bowringpet Taluk shou be done away with (a saving of Rs: 7) and that anoth appointment of 1st class Constable in the Gold Fields should be similarly done away with (a saving of Rs 1

This would meet the deficit and men can be spared from the Marikuppam Station of the Gold Fields and Sundrapalyam Station of the Bowringpet Taluk without difficulty.

As the whole scheme has to remain in abeyance owing to this unfortunate error I requ that the matter may be treated as very urgent.

Progs. of the Govt. of H. H. the Maharaja of Mysore.

Read:—

1. Govt Pro. No. 2099-210 J.J. 148 of 1902 dated 30th June 1903, sanctioning tentatively for one year the proposals of the Inspector-General of Police to re-organize the Bowringpet Town Police.

Order:

2. Letter No. 359/31 dated the 13th July 1903, from the Inspector General of Police in Mysore, ~~bringing to notice~~ pointing out that in the scheme proposed for the revision of the Bowringpet Town Police the pay of the 1st and 2nd class Constables was, by a mistake, ~~on the part of the~~ by the Commissioner and the Supdt. of Police, Kolar Gold Fields, calculated at Rs 8 and Rs 7 per

mensem instead of Rs 1 [illegible]
53
or mensem, respectively which is
the pay sanctioned for the Constables
in the Kolar Gold Fields and re-
questing sanction to calculate
the pay of the Constables according
to the latter scale.

Order thereon. No. 275–77 / J.F. 148–13 S 30/7/13

The proposal of the
Inspector General of Police to cal-
culate the pay of the 1st and
2nd class Constables of the Bowringpet
Town Police under the revised arrangement
at the rates sanctioned
for the Kolar Gold Fields Police
involves an increase of pay of
the said Constables by one Rupee
each per mensem. Their strength
as sanctioned in the Govt Proc.
read above being 5 of the 1st class
and 15 of the 2nd class, the extra
cost amounts to Rs 20 per men-
sem. To meet this, the Inspector

General in consultation with the Deputy Commissioner, Kolar District and the Supdt of Police, Kolar Gold Fields, recommends the abolition of the post of one 2nd class Constable of the Bowringpet Taluk Force on Rs 7 per mensem and that of one 1st class Constable of the Kolar Gold Fields Force on Rs 9+4 per mensem.

2. These proposals, ~~which involve no extra cost~~, are sanctioned. The scale of the Bowringpet Town Police, as now revised, is as shown below:—

1 Chief Constable, 3rd class, on Rs 50+2 per mensem
1 Hd Constable, 2nd class, on Rs 20+10 "
1 —do—, 3rd " " 16+10 "
5 Constables, 1st class on Rs 9+4 each
